PB23 Maximizes Naval Power

PB23 Supports SECNAV Enduring Priorities

Maintaining Maritime Dominance in Defense of Our Nation

- Resources Columbia class SSBN for on-time delivery
- Procures 9 battle force ships, 96 total aircraft
- Maintains our global posture ensuring the forward presence of naval forces
- Bolsters readiness through increased funding for ship, air and ground training
- Increases innovation and modernization efforts in Research and Development
- Invests in long-range fires and hypersonics
- Increases investments in our Shipyard Infrastructure Optimization Plan over FY 2022
- Supports USMC Force Design 2030 initiatives
- Increases unmanned platforms
- Increases Facilities Sustainment, Restoration, and Modernization

Empowering Our Warfighters

- Increases Sexual Assault Prevention & Response funding
- Supports USMC Talent Management and Training and Education Modernization
- Emphasizes diversity, equity, and inclusion in every aspect of our force
- Funds Military and Civilian pay raises of 4.6%
- Family housing increases over 60% due to substantial FHCON investment in Guam, improves privatized housing, & funds 95% of government-owned units at standards.

Strengthening Strategic Partnerships

- Adds funding for submarine industrial base investment and provides a predictable build plan of 2 SSNs and 2 DDGs per year
- Resources climate-cognizant solutions (i.e. hybrid vehicles and propulsion system efficiencies)
- Supports exercises with allies and partners

Marine Corps Force Design

Developing the Joint Force's Stand-In Force to operate persistently inside actively contested environments while remaining ever vigilant as America's premier global crisis response force. Entering year three of this 10-year comprehensive transformation effort, Force Design focuses on three priorities:

- Equipment Modernization: Warfighting investments in fires, sensors, and networks to meet the future threat.
- -Talent Management Reform: Attract, recruit, incentivize, and retain talented individuals across the entire force to improve the performance of units in competition and combat.
- -**Training and Education Reform:** Change the training and education continuum to an information age model to produce better leaders and warfighters.

MAINTAINING MARITIME DOMINANCE EMPOWERING OUR PEOPLE STRENGTHENING STRATEGIC PARTNERSHIPS

The Department of the Navy's (DON) FY 2023 President's Budget (PB23) request is \$230.8B, an increase of \$9.1B from the FY 2022 enacted budget (with supplementals). The budget is aligned with the draft National Security Strategy and defense priorities. It resources a Navy and Marine Corps Team that supports Secretary Austin's vision of integrated deterrence, campaigning, and building enduring advantages, with an agile and ready force. Moreover, Secretary of the Navy Del Toro's enduring priorities of maintaining maritime dominance in defense of our nation, empowering our people, and strengthening strategic partnerships, is nested under this guidance and resourced to achieve these effects.

Soundly aligned with strategy, the budget implements concepts articulated in the Chief of Naval Operations' *Navigation Plan* to expand our fleet capabilities for distributed operations, while building upon the Commandant of the Marine Corps' *Force Design* 2030 to rapidly modernize the expeditionary posture of the Marine Corps.

The budget prioritizes Columbia class construction and balances readiness, capability, capacity across the near term and future. PB23 continues investments in more lethal, networked capabilities and concepts, integrated with the joint force. It funds critical warfighter training and education to grow talent, build resilience, and ensure an environment of accountability. The budget covers a once-in-a-century requirement to recapitalize our national ship repair infrastructure as part of our Shipyard Infrastructure Optimization Program (SIOP). Finally, this budget continues reformative efforts throughout the Department, maintaining fiscal accountability and propriety of taxpayer dollars.
